

## My Personal Purpose

My personal purpose statement is a general statement of mission that describes the overall intent that governs my objective, my goals, and my actions. It represents my “reason for existence,” interprets my vision to others, and clarifies purpose to myself. My purpose along with my objective, goals, and actions make up my overall vision.

My personal purpose statement gives me direction, states the nature of my cause, and gives focus and vision to my personal goals.

- Short and to the point.
- Be able to recite it by memory.
- What inspires and motivates me?
- What is my vision of myself?
- What has God destined for my life?
- When all has been said and done, what do I want to be remembered for?
